**1) Title of the Practice: Admission free of cost to ST/ SC/ VJ/NT/ OBC/ Minorities.**

**Introduction:**

The College is being run by Shri. Shivaji Education Society, Amravati founded by Dr. Panjabrao Alias Bhausaheb Deshmukh, the former Central Agriculture Minister of India. He had bright vision to provide higher education to poor and backward students. The college ever attempts to meet his dream by initiating various best practices. It is undeniable fact that the college is situated in rural and backward areas and 90% of the students admit from the same background. Their daily living is based on farm labour. While working in the farm, they continue their higher education. Contrary to it, it is hardly possible to them to continue higher education. It is observed that students in this area generally lag behind as compared to the students studying in metropolitan areas. To continue their higher education, economic assistance plays a pivotal role. To bring such disadvantage section of society into the main stream of higher education, the college has introduced the best practice like admission free of cost to categorized & economically backward students.

**Objectives of the practice:**

To render helping-hand to the poor learners for continue of their higher education.

**The Context:**

Assisting students financially to continue their higher study is of paramount importance. The mission of the college is to uplift the disadvantage section of society which had been fumbling and rendering in ignorance and darkness since ages. The college runs Teacher Sponsored Award to help meritorious students. Even open candidates who are unable to pay fees at a time are allowed to pay fees in instalments.

**The Practice:**

- Students are made aware of financial assistance by displaying notice.
- Fee structure is prescribed in the prospectus.
- The Principal and teaching staff interact with students about fees.
- This practice gains wide appreciation across the town.

**Evidence of Success:**

This practice is widely appreciative and imbibes a sense of zeal and confidence among the learners.

**Problems Encountered and Resources Required:**

- The college has to bear loss which is sacrificed to fulfil the vision and mission.
- Strength of students is more than intake capacity.
- Many students have to miss admission opportunity.

## Criterion 7: Institutional Values and Best Practices / Q.M - 7.2.1:

### Admission receipts of student from Backward classes SC/ST/OBC

## **2) Title of the Practice: Water Pond and Soak Pit**

### **Introduction:**

Water plays a pivotal role for surviving humanity on the planet. It is scared to remark that water level is decreasing day by day. It is a big jolt to the nation and nation is addressing this issue across the country. SAVE WATER AND STORE WATER is a slogan always reiterated by NSS volunteers at all the colleges. Due to scarcity of rain and water storage, it is reported that greater part of India is deserted and screamed with farmers' suicide. It is necessitated to adventure water pond and soak pit everywhere.

### **Objectives of the practice:**

To save water and increase water level of the earth.

### **The Context:**

In Vidarbha region, scarcity of water and insufficient rainfall cause farmer suicide. Despite several measures by government to protect it, suicide notes are beyond control. Keeping it into account, the college introduced this practice. Water Pond is made at right corner of the college in such a way that rain water after rain renders smoothly to the pond. Rain water in campus once going wasted is now storing into the pond. Soak pit is prepared in such an area where roof water automatically surrenders and water is absorbed.

### **The Practice:**

- Every year in summer water pond is renovated.
- Storage capacity of water is increasing day by day.
- It is fenced to avoid any kind of calamity.
- The Science students analyse the micro-organisms in and around the water pond.

### **Evidence of Success:**

Every year a great deal of quantity of water helps to increase water level.

### **Problems Encountered and Resources Required:**

- Every year the college has to spend a certain amount of money to maintain the water pond and soak pit.
- NSS Volunteers, students and staff members contribute (*Shramdaan*) their labour for the maintenance of the Water Pond
